GUIDELINES FOR ADJUDGING "NATIONAL GOPAL RATNA AWARD" IN ANIMAL HUSBANDRY & DAIRYING SECTOR DURING 2025.

1. Introduction:

For transforming the entire ecosystem of awards conferred by the Government of India especially building credibility and trust by focusing on merit, objectivity, transparency, people-participation, simplicity, efficiency and use of technology, the Central Awards Support Unit (CASU) set up in MHA has exercised reviewing and revamping of awards. Accordingly, National Gopal Ratna Award has been conferred through receipt of applications through online portal since 2021. Further, the NGRA has been on-boarded with the MHA's Award portal i.e <https://awards.gov.in> since 2022 onwards and applications are invited through this portal in online mode only.

2. Preamble:

2.1 Indigenous bovine breeds of India are robust and possess the genetic potential to play crucial role in the national economy. In the absence of a specific programme on development and conservation of indigenous breeds, their population has been declining and their performance is below the potential at present. Hence there was an urgent need to take up a scientific programme for their development and conservation. Under the leadership of the Hon'ble Prime Minister of India, "Rashtriya Gokul Mission", a new initiative was launched in December 2014 for the first time in the country, with a view to conserve and develop indigenous bovine breeds.

2.2 The objective of any bovine breeding programme is genetic up-gradation of Cattle and Buffaloes and to achieve this, Artificial Insemination (A.I.) service needs to be robust. There are 302 million bovines in the country as per 20th Livestock census. The average productivity is 5 kg per animal per day at present. Their average low productivity is a matter of concern. AI technicians have a crucial role in transforming the bovine population from the state of low productivity to optimal productivity. Hence there is a need to identify the best AI technician striving hard towards 100% AI coverage so as to achieve the country's flagship programme objective of doubling of farmers' income.

2.3 Similarly, about 2 lakh Dairy cooperative societies and Milk producer Companies at village level are growth drivers as it involves about 2 crore dairy farmer as members and act as a rural institution to provide the farmers market access for their produce and help in earning remunerative price.

3. Categories:

- (i) Best Dairy farmer rearing indigenous cattle/buffalo breeds.
- (ii) Best Dairy Cooperative Society/ Milk producer Company/ Dairy Farmer Producer Organisation.
- (iii) Best Artificial Insemination Technician (AIT).

3.1 From 2025 onward, the Department has incorporated Himalayan States (Uttarakhand, J&K, Ladakh and Himachal Pradesh) also in the NER Category in all the three categories under National Gopal Ratna Award, so as to encourage and boost the dairy development activities in Himalayan States also at par with NER.

3.2 Therefore, the National Gopal Ratna Award (NGRA) 2025 will be conferred to 1st, 2nd, 3rd and one Special Award for North Eastern Region (NER) including Himalayan States in each of above 3 categories. NGRA 2025 will consist of a Certificate of merit, a memento and monetary prize in first two categories i.e Best Dairy Farmer and Best DCS/FPO/MPCs as under:

- Rs. 5,00,000/- (Rupee five lakh only) -1st rank
- Rs. 3,00,000/- (Rupee three lakh only) -2nd rank and
- Rs. 2,00,000/- (Rupee two lakh only) -3rd rank
- **Rs. 2,00,000/- (Rupee two lakh only) -Special Award for North Eastern Region (NER) and Himalayan States (Uttarakhand, J&K, Ladakh and Himachal Pradesh).**

In case of Best Artificial Insemination Technician (AIT) category, National Gopal Ratna Award-2025 will consist of a Certificate of merit and a memento only. No cash prize will be provided in Artificial Insemination Technician (AIT) Category.

4. Objective:

- (i) To motivate farmers to take up productivity enhancement of indigenous breeds of milch animals in a scientific manner.
- (ii) To motivate Cooperative and Milk producer Companies to grow and to instill competitive spirit.
- (iii) To motivate Artificial insemination Technicians to take up 100% AI coverage, under Rashtriya Gokul Mission (RGM).

5. Eligibility:

- (i) Farmers maintaining any of the recognized indigenous breeds out of 53 breed of cattle and 20 breeds of buffaloes (as per Annexure-I) shall be eligible to apply for award.
