

F. No. 10-2/2011-NPRE (FMD)
Government of India
Ministry of Agriculture
Department of Animal Husbandry Dairying & Fisheries

Krishi Bhawan, New Delhi
Dated 11th August, 2015

To,

Principal Secretary/Secretary (AH),
Department of Animal Husbandry
Government of Andhra Pradesh, Telangana, Kerala, Karnataka, Tamil Nadu,
Maharashtra, Rajasthan, Gujarat, Haryana, Uttar Pradesh, Bihar, Punjab, Goa,
Puducherry, Delhi, Lakshadweep, Andaman & Nicobar, Dadra & Nagar Haveli and
Daman & Diu

Subject:- Implementation of Foot and Mouth Disease Control Programme in the States with
changed funding pattern-Action plan for implementation.

Sir, -

This is in reference to implementation of FMD-CP in the States with changed funding
pattern under the scheme.

2. In this context, your kind attention is invited to administrative approval issued by this
Department on dated 2nd July, 2015 vide which, it has been envisaged for 50:50 funding
pattern (Centre: State) for implementation of FMD-CP during the 2015-16. With this changed
funding pattern for implementation of FMD-CP, it has been decided with the approval of
Competent Authority to convey following action plan for implementation of the programme by
the States:

- i) Small Farmers' Agricultural Consortium (SFAC) will convey approved rate of
FMD vaccine under the tender, terms and conditions of the tender along with
details of distribution of vaccine quantity to the firms shortlisted by SFAC for
supply of vaccine and state-wise vaccination schedule for next round falling in
September, 2015 and onwards within validity of the Tender i.e. March, 2016 to
States under FMD-CP.
- ii) States under FMD-CP may place orders directly to the firms at the rate
approved by SFAC within the validity of the tender following their due procedure
and can seek performance security at their level.
- iii) States will have to contribute 50% share for carrying out 100%
vaccination of eligible animal population at six monthly schedule.
Available funds will be released to States by this Department to meet
50% obligations towards central share.
- iv) Quality of vaccine (random basis) and vaccine strain harmonization will be
monitored centrally in-collaboration with ICAR (IVRI, Bangalore as well as PD-
FMD).
- v) Sero- monitoring under FMD-CP with sampling frame will be continued to be
administered centrally and funds will be continued to be provided to PD-FMD
from this Department as mandated as per available MOU with PD-FMD.

- vi) As India is having Official Control Programme for FMD as endorsed by OIE in May, 2015, therefore, States are requested to implement the programme as per the guidelines on its implementation including on veterinary services.
- vii) Operational guidelines issued to States as per the Scheme norms will remain same except vaccine procurement to be done now by States. States will ensure effective implementation of the programme so as to achieve 100% vaccination to maintain herd immunity.
- viii) Physical progress report of implementation of the programme including vaccination as well as serum sample collection will be sent by States as per proforma already available with the States for monitoring at central level.

Yours faithfully,

(Dr. R.G. Bambal)

Deputy Commissioner (LH)

Copy for necessary action:
