ANSWER

**THE MINISTER FOR FISHERIES, ANIMAL HUSBANDRY AND DAIRYING
(SHRI PARSHOTTAM RUPALA)**

(a). The details and number of livestock that perished or culled due to epidemics namely Lumpy Skin Disease (LSD) in cattle, Foot and Mouth Disease (FMD) in bovines, African Swine fever (ASF) in pigs and Highly Pathogenic Avian Influenza (HPAI) in avian species during the last five years are placed at **Annexure-1**

(b). Department of Animal Husbandry and Dairying (DAHD), Government of India do not maintain such data. However, as informed by the states and as per the NDRF norms the indicative amount of loss suffered by farmers on account of the loss of livestock due to epidemics namely LSD, FMD, ASF and HPAI during the last five years are placed at **Annexure-2**

(c). Animal Husbandry is a state subject. DAHD does not have any scheme to compensate farmers on account of the loss of livestock due to epidemics. However, DAHD under the component Assistance to States for Control of Animal Diseases (ASCAD) provides financial support to the states/UTs as per the demand on 50:50 (Centre: State) sharing basis to compensate the animal owners for animals culled to control the epidemics namely ASF and HPAI (no culling is followed for LSD and FMD) and the details of funds released to the state/UTs during the last five years are placed at **Annexure-3**
